

14th Asia Pacific Biosafety and Biosecurity Conference

A-PBA Preconference Workshop and Annual Conference 2019

Biosafety and Biosecurity – for Sustainable Development in Health and Agriculture

Venue: Hotel Intercontinental, Dhaka

To

02-04-19

Dear Sir,

With great pleasure we would like to inform you that the Preconference Workshop and Annual Conference 2019 of A-PBA are going to be organized from 17 through 20 September jointly by A-PBA and Bangladesh Biosafety and Biosecurity Society. The program is supported by Biosafety Office, icddr,b, the members from all the national universities and medical colleges and research organizations. A two-day preconference workshop will be organized during 17 to 18 September 2019 from 09:00 - 17:00. Annual Conference will be organized on 19 through 20 September. A big poster session will also be organized during the conference. The purpose of organizing these programs is to popularize Biosafety and Biosecurity in Bangladesh establishing policies procedures contributing to achieve sustainable development in health and agriculture.

Indeed, this conference will be the largest platform in Bangladesh, for networking among the scientist working in the field of biological sciences. Scientists, policy makers and top level administrators will gather here for discussing issues on the role of biosafety and biosecurity for sustainable development in health and agriculture for a developing nation. **Most importantly, this is the first opportunity for the large number of Bangladeshi participants, to participate at a time, in such a high level international conference, for contributing to sustainable development of the nation, in the history so far.**

A total of ten workshop sessions will be conducted from 17 - 18 September. The world renowned Trainers from respective areas will conduct training sessions during the preconference workshop.. There will be two full day sessions and eight half day sessions. For further detail visit-

<http://bdbiosafetysecurity.org/Pre-conference-Works>

The conference on 19 - 20 September will have seven technical sessions in total. The main focus of the programs is to strengthen the Biosafety and Biosecurity status in Bangladesh particularly focusing into the sustainable development of the nation. Invited speakers for the conference technical sessions are also the leaders of the respective areas around the world. For further detail visit-

<http://bdbiosafetysecurity.org/A-PBA-Annual-Conferenc>

We earnestly request you to provide us with a sponsor and/or advertisement of your esteemed organization. The total amount received will be utilized to ensure registration and participation of the Bangladeshi participants in the conference and preconference workshop to strengthen the status the country increasing the knowledge and elevating level of confidence of our resource persons and experts.

A contract form for the sponsor or advertisement is enclosed herewith for your kind approval.

Thanking you in anticipation.
